

PLEASE SUPPORT OUR LOCAL BUSINESSES

- Shop confidently along Jackson Street – the person behind the counter is healthy!
- Practice social distancing – keep 2 metres apart from others where possible.
- Observe each business's hygiene practices. Businesses have taken measures to ensure they keep their business clean and a safe environment for you to shop in. They have hand sanitisers and wipe down counters and eftpos machines after each use. They are doing their utmost to protect you and their staff from Covid-19 (coronavirus), and we ask you to do the same.
- If the cafes/restaurants/bars have registers to sign – please do so. It's important in case tracing people is necessary. Your information will be destroyed and not used for anything else other than that.
- Most businesses can deliver to your home or use a delivery system, so if you are self-isolating - please check out www.jacksonstreet.co.nz for details about each business on our Street.
- We recognise the need to work together and support each other – ***we are in this together***. Please consider how you can minimise the spread of this virus and continue to use your common sense.

Shop Local ~ Eat Local ~ Spend Local ~ Enjoy Local
